

CENTRE OF EXCELLENCE IN  
**SEVERE ASTHMA**

*Innovative solutions for severe asthma*

## **Webinar: Non-Eosinophilic Asthma – Common But Poorly Understood**

### **A/Prof. Celeste Porsbjerg**

**CRE IN SEVERE ASTHMA WEBINAR | 01 FEBRUARY 2017, 1 – 2 PM  
HUNTER MEDICAL RESEARCH INSTITUTE | CAVES THEATRE**

**A/Prof Celeste Porsbjerg**  
NHMRC Centre of Excellence in Severe Asthma  
Bispebjerg Hospital / University of Copenhagen

**Bio:**

Celeste Porsbjerg is a Respiratory Specialist and Clinical Research Associate Professor.

Her research interests revolve around the diagnosis and phenotyping of asthma, with a focus on airway pathophysiology and inflammation. Hence, her Ph.D. thesis from 2006 described the usefulness of bronchial provocation testing with mannitol for assessing inflammation driven airway hyperresponsiveness. During her post doc with Professor Peter Gibson's group in Australia in 2010-11, she described the relationships between airway pathophysiology and subtypes of airway inflammation in older adults with asthma.

Current research projects are focused on severe asthma; systematic assessment and phenotyping, and biological treatment.

**Refreshments will be provided before the seminar, starting from 12PM (Haggerty space).**

To attend the **public lecture** please RSVP for catering, by email to [severeasthma@newcastle.edu.au](mailto:severeasthma@newcastle.edu.au)

**Registration**

A/Prof Porsbjerg's presentation will be available online, as a webinar. To register for the **webinar** please go to: <https://attendee.gotowebinar.com/register/7554477592281766147>

After the event, the webinar will be made available through the Centre of Excellence in Severe Asthma website ([www.severeasthma.org.au](http://www.severeasthma.org.au)).
